3.35-4.25pm: John Innes
An update on canine humeral condylar fractures
4.40-5.30pm: Fergus Allerton
Immune-mediated disease: beyond steroids

VETERINARY 2

9-9.50am: Angie Lloyd-Jones
Why ultrasound image optimisation can save lives
10.05-10.55am: Jon Hall
Decision-making for urethral obstruction
11.20-12.10pm: Alasdair Hotston Moore
Surgery for brachycephalic airway obstruction
LUNCH
1.15-2.05pm: Jon Hall
Excellent ex-laps
2.20-3.10pm: Alasdair Hotston Moore
Techniques in small intestinal surgery
3.25-4.25pm: Alison Hayes
Oncology: problems in diagnosis
4.40-5.30pm: Jo Harris
ECGs – the when, why and how

WOUND MANAGEMENT presentations

9-9.50am: Bob Partridge
Oral surgery: what to do and what not to allow healing
10.05-10.55am: Sam Bell
Assessment of wounds and basic dressings
11.20-12.10pm: Jon Hall
Acute wound management
12.25-1.15pm: Molly Varga
Wound care in reptiles
LUNCH
2.20-3.10pm: Sam Bell
Why is my wound breaking down? What can I do?
3.25-4.25pm: Molly Varga
Rabbits and small mammals: what's different and what's not
4.40-5.30pm: Sam Bell
Negative pressure wound therapy: what are the benefits?

WOUND MANAGEMENT workshops

The Bandaging Angels will run three workshops twice each day:
10.05-10.55am
Wound preparation for optimum healing – 1
11.20-12.10pm
Wound dressing selection – 1
12.25-1.15pm
Building a better bandage – 1
LUNCH
2.20-3.10pm
Wound preparation for optimum healing – 2
3.35-4.25pm
Wound dressing selection – 2
4.40-5.30pm
Building a better bandage – 2
■ A maximum of 18 participants per workshop

PLUS: Aspire UCS will run workshops on aspects of ultrasound at times to be announced across both days (sponsored by Celtic SMR)

DAY TWO: 12th JULY

VETERINARY 1

9-9.50am: Alison Hayes
Radiotherapy: when should I be considering it?
10-05-10.55am: John Innes
Orthopaedics: Considerations in canine OA – from NSAIDs to monoclonals to stem cells
11.20-12.10pm: Jo Harris
A practical approach to common arrhythmias
12.25-1.15pm: John Innes
Orthopaedics: Decision-making in canine cruciate disease
LUNCH
2.20-3.10pm: Bob Partridge
Dental extractions: the tough ones made easier
3.35-4.25pm: Jo Harris
Does that murmur matter?
4.40-5.30pm: David Williams
Keeping an eye on the eye – 3: dry eye

VETERINARY 2

9-9.50am: Angie Lloyd-Jones
The Aspire UCS eight-step abdominal ultrasound survey
10.05-10.55am: Anita Patel
Dermatology: Oh no! Not another dog with an ear ache
11.20-12.10pm: Alison Hayes
Chemotherapy in practice
LUNCH
1.15-2.05pm: David Williams
The only way is ethics!
2.20-3.10pm: Anita Patel
Dermatology: Oh no! Not another itchy cat
3.25-4.25pm: Bob Partridge
Dental extractions: what to do when profanities start to fly
4.40-5.30pm: Molly Varga
New approaches to dental disease in rabbits and rodents

WOUND MANAGEMENT presentations

9-9.50am: Jon Hall
Wounds dictate the dressing
10.05-10.55am: Alasdair Hotston Moore
Use and misuse of drains in wounds and reconstruction
11.20-12.10pm: David Williams
Optimising eye healing: the cornea
12.25-1.15pm: Jon Hall
Chronic wounds and infections
LUNCH
2.20-3.10pm: David Williams
Optimising eye healing: the eyelids
3.25-4.25pm: Molly Varga
Wound care in birds
4.40-5.30pm: Alasdair Hotston Moore
Indications for choosing wound closure above second intention healing

WOUND MANAGEMENT workshops

The Bandaging Angels will run three workshops twice each day:
10.05-10.55am
Wound preparation for optimum healing – 3
11.20-12.10pm
Wound dressing selection – 3
12.25-1.15pm
Building a better bandage – 3
LUNCH
2.20-3.10pm
Wound preparation for optimum healing – 4
3.35-4.25pm
Wound dressing selection – 4
4.40-5.30pm
Building a better bandage – 4
■ A maximum of 18 participants per workshop

NB. The programme is subject to change.

BOTH DAYS: EQUINE PROGRAMME chaired by Dr Colin Roberts. Speakers and their areas:

- **Professor Michael Schramme** (University of Lyon) – *Diagnosis and treatment of orthopaedic conditions*
- **Dr Alison Talbot** (University of Liverpool) – *Conditions of the equine neck and headshakers*
- **Dr Lesley Young** (Specialist Cardiology Services, Newmarket) – *Demystifying the heart for practitioners*
- **Dr Gemma Pearson** (University of Edinburgh) – *Modern methods in equine behaviour*
- **David Green** (VDS, Green Healthcare) – *When vettings go wrong*
- **Philip Cramp** (Hambleton Equine Clinic) – *Upper airway conditions*
